## TAPPING INTO THE 'NET

Expanding resources  
using the web for orders,  
inventory & training.

## Mohawk Lifts

**MP 18 SERIES MOBILE COLUMN LIFT**  
[www.mohawklifts.com](http://www.mohawklifts.com)

Mohawk Lifts announces its newest product, the MP 18 series mobile column lift. The lift offers the ability to raise vehicles by the tires or, with the optional chassis lifting beam, raise the vehicles by the frame, leaving the tire hanging free for tire, brake and inspection service.

## Doran Manufacturing

**SLEEPING CHILD CHECK MONITOR**  
[www.doranmfg.com](http://www.doranmfg.com)

The monitor includes a timer which provides a limited amount of time for the driver to complete the check of the van/bus before the alarm is triggered and the horn sounds. The timer is activated when the key for the vehicle is turned to the off position. The switch is mounted inside the rear of the vehicle and is meant to force the driver to walk through the bus/van all the way to the back to disengage the alarm before exiting the bus.

## RCI Technologies

**EMERGENCY FUEL TRANSFER AND FILTRATION UNIT**  
[www.rcitechnologies.com](http://www.rcitechnologies.com)

This portable unit can be used to clean stored diesel fuel and transfer fuel between tanks and is ideal for fuel docks and stations, truck fleets and various other diesel fuel applications. The unit includes an FP 700 fuel purifier, with an 8 GPM flow rate; a 12-volt, 1/5 HP motor; a 20-foot-long, 10-gauge power cord with battery clamps; detachable hoses; and a thermal protection circuit with on/off switch. The product features filterless technology and is Green Clean Institute certified.
